# INNOVATIVE ORGANICS

---

---

**MSDS**

---

## 1. CHEMICAL PRODUCT AND COMPANY INFORMATION

---

**PRODUCT NAME:** AmberCut ASL 941 Series

**Manufacturer:** INNOVATIVE ORGANICS  
SAINT-GOBAIN CERAMIC MATERIALS  
4905 East Hunter Avenue  
Anaheim, CA 92807

**Emergency information:** Chemtrec, 1-800-424-9300

**Product information:** 1-714-701-3900

---

## 2. COMPOSITION INFORMATION

---

Component	CAS Number	%	OSHA Hazard	Exposure Limits
<i>*THIS PRODUCT DOES NOT CONTAIN ANY SIGNIFICANTLY HAZARDOUS MATERIALS OTHER THAN THOSE LISTED. PRODUCT COMPOSITION IS PROPRIETARY</i>				

\*As defined by SARA, Title 3 and California Proposition 65.

\*\*Not Established

---

## 3. HAZARDS IDENTIFICATION

---

### Emergency Overview

**Physical Characteristics:** White, milky slurry.

**Warning Statements:** Will cause eye irritation. May cause skin irritation on prolonged or repeated exposure.

### Potential Health Effects

**EYES:** Will cause eye irritation. Minimal risk of irreversible or long term effects.

**SKIN:** Prolonged or repeated exposure may cause irritation and dermatitis. Minimal risk of irreversible or long term effects.

AmberCut ASL 941 Series

---

### 3. HAZARDS IDENTIFICATION (CONTINUED)

---

**INHALATION:** Not a hazard under normal conditions. May cause irritation to respiratory tract on exposure to heated vapors or concentrated mists. Minimal risk of irreversible or long term effects.

**INGESTION:** May cause stomach ache, nausea, diarrhea, vomiting and headache. Minimal risk of irreversible or long term effects.

**SIGNS and SYMPTOMS:** Skin/eye irritation, stomach ache, nausea, diarrhea, vomiting and headache.

---

### 4. FIRST AID MEASURES

---

**EYES:** Rinse with large quantities of water for 15 minutes. Get medical attention.

**SKIN:** Rinse with large quantities of water.

**INHALATION:** Remove to fresh air.

**INGESTION:** Dilute stomach contents with water. Do not induce vomiting.  
Call a physician.

---

### 5. FIRE FIGHTING MEASURES

---

**FLASH POINT (METHOD):** None. Self extinguishing.

**FLAMMABILITY CLASS:** N/A

**FLAMMABILITY LIMITS IN AIR, % BY VOLUME,** Not established.

**FIRE AND EXPLOSION HAZARD:** None.

**EXTINGUISHING MEDIA:** Foam CO2 or water spray.

**FIRE FIGHTING INSTRUCTIONS:** Wear self-contained breathing apparatus.

---

### 6. ACCIDENTAL RELEASE MEASURES

---

**STEPS TO TAKE IF MATERIAL IS SPILLED OR RELEASED:**

Stop spill at source. Take the necessary precautions to prevent spreading. Collect spills in appropriate containers for disposal.

**SPILL PRECAUTIONS:** Caution: spill area( floors,etc...) may become slippery.

---

## 7. HANDLING AND STORAGE

---

### **STORAGE AND TRANSPORTATION CONDITIONS:**

Prevent exposure to temperatures above 50°C or below 0°C. If frozen, product will not perform as intended.

**HANDLING:** Avoid contact with skin and eyes. Wash thoroughly after handling.

**STORAGE:** Store in cool area out of direct sun light. Prevent contamination and evaporation by keeping containers tightly closed when not in use. Do not allow product to freeze.

---

## 8. PERSONAL PROTECTION AND EXPOSURE CONTROLS

---

**RESPIRATORY PROTECTION:** Typically unnecessary.

**VENTILATION:** General ventilation sufficient.

**PROTECTIVE GLOVES:** Latex or PVC.

**EYE PROTECTION:** Glasses or goggles.

**OTHER PROTECTIVE EQUIPMENT:** As necessary to avoid eye contact.

**EXPOSURE GUIDELINES:** None established.

---

## 9. PHYSICAL AND CHEMICAL PROPERTIES

---

**APPEARANCE AND ODOR:** White, milky slurry.

**BOILING POINT:** >100°C

**MELTING POINT:** <0°C

**SPECIFIC GRAVITY (H<sub>2</sub>O=1):** 1.03 to 1.07

**% VOLATILES BY VOLUME:** 85-95%(water)

**WATER SOLUBILITY (% vol):** Extendable slurry

**pH (neat, unless specified):** 3.2 to 5.5

**VAPOR DENSITY:** Unknown

**VAPOR PRESSURE @ 20°C:** Unknown

**EVAPORATION RATE (BUTYL ACETATE =1):** <<1

---

## 10. STABILITY AND REACTIVITY

---

**STABILITY:** Product is stable.

**CONDITIONS TO AVOID:** Strong oxidizers and strong reducers.

**HAZARDOUS DECOMPOSITION PRODUCTS:** Oxides of carbon and nitrogen.

**HAZARDOUS POLYMERIZATION:** Will not occur.

**CONDITIONS TO AVOID:** None.

AmberCut ASL 941 Series

---

## 11. TOXICOLOGICAL INFORMATION

---

**EYES:** This product has not been tested. Individual components are non-toxic or have low orders of toxicity.

**SKIN:** This product has not been tested. Individual components are non-toxic or have low orders of toxicity.

**INHALATION:** This product has not been tested. Individual components are non-toxic or have low orders of toxicity.

**INGESTION:** This product has not been tested. Individual components are non-toxic or have low orders of toxicity.

**CHRONIC TOXICITY:** Individual components are non-toxic or have low orders of toxicity.

**CARCINOGENICITY:** No single component is known to be carcinogenic or mutagenic.

---

## 12. ECOLOGICAL INFORMATION

---

**ECOTOXICITY:** Product may be directly or indirectly toxic to fish.  
Do not allow contact with open waters or wetlands.

**ENVIRONMENTAL FATE:** Contains a small amount of biodegradable organic material not expected to persist in the environment. Major constituent is inorganic and inert to the environment.

---

## 13. DISPOSAL INFORMATION

---

### **WASTE DISPOSAL METHODS:**

Waste disposal procedures must be in accordance with government and local regulations.

It is reasonable to expect that uncontaminated product can be disposed of through a sanitary sewer or similar bio-remediation system. Product can be neutralized and inert inorganic solids separated by settling. Inert inorganics can be landfilled.

### **EMPTY CONTAINER DISPOSAL:**

Rinse product drums with clean water. Dispose of rinse water as product requiring treatment.

**WASTE CLASSIFICATION:** If discarded in its purchased form, this product is not a RCRA hazardous waste.

---

## 14. TRANSPORTATION INFORMATION

---

### **DOT & IATA INFORMATION**

**SHIPPING NAME:** Not a DOT/ IATA regulated material.

**HAZARD CLASS:** Not applicable

**UN/NA NUMBER:** Not applicable

**PACKAGING GROUP:** Not applicable

**LABELS REQUIRED:** None required.

AmberCut ASL 941 Series

---

## 15. REGULATORY INFORMATION

---

### UNITED STATES FEDERAL REGULATIONS:

**CERCLA SECTION 103:** This product contains the following chemicals that require notification of the National Response Center of release of quantities greater than the reportable quantity:

None.

**SARA SECTION 302:** This product contains the following chemicals requiring emergency planning:

None.

### SARA SECTION 311/312 HAZARD CATEGORIES:

Immediate health hazard. Irritant.

**SARA SECTION 313:** This product contains the following chemicals subject to the reporting requirements of the Emergency Planning and Community Right to Know Act:

None.

### STATE RIGHT-TO-KNOW REGULATIONS:

California Proposition 65: This product does not contain any chemicals known to the state of California to cause cancer or birth defects.

### INTERNATIONAL REGULATIONS:

Not regulated under any international regulations.

**CHEMICAL INVENTORIES:** This product's ingredients are on the following chemical inventories:

TSCA

---

## **DEFINITIONS**

---

### *SUMMARY OF HMIS RATINGS*

#### *HEALTH HAZARD RATINGS*

- O No significant risk to health.
- 1 Irritation or minor reversible injury possible.
- 2 Temporary or minor injury may occur.
- 3 Major injury likely unless prompt action is taken and medical treatment is given.
- 4 Life-threatening, major or permanent damage may result from single or repeated exposures.

#### *FLAMMABILITY HAZARD RATINGS*

- O Materials that are normally stable and will not burn unless heated.
- 1 Materials that must be preheated before ignition will occur. Flammable liquids in this category will have flash points at or above 200°F (NFPA Class IIIB).
- 2 Materials that must be moderately heated before ignition will occur, including flammable liquids with flash points at or above 100°F and below 200°F (NFPA Class II & IIIA).
- 3 Materials capable of ignition under almost all normal temperature conditions, including flammable liquids with flash points below 73°F and boiling points above 100°F as well as liquids with flash between 73°F and 100°F (NFPA Class IB & IC).
- 4 Very flammable gasses or very volatile, flammable liquids with flash points below 73°F and boiling points below 100°F (NFPA Class 1A).

#### *REACTIVITY HAZARD RATING*

- O Materials that are normally stable, even under fire conditions and will not react with water.
- 1 Materials that are normally stable, but can become unstable at high temperatures and pressures. These materials may react with water, but they will not release energy violently.
- 2 Materials that are normally unstable and will readily undergo violent chemical change, but will not detonate. These materials may also react violently with water.
- 3 Materials that are capable of detonation or explosive reaction, but require a strong initiating source or must be heated under confinement before initiation, or materials that react explosively with water.
- 4 Material that are readily capable of detonation or explosive decomposition at normal temperatures and pressures.

#### *PERSONAL PROTECTION INDEX DEFINITIONS*

- A Safety glasses
- B Safety glasses, gloves
- C Safety glasses, gloves synthetic apron
- D Face shield, gloves, synthetic apron.
- E Safety glasses, gloves, dust respirator.
- F Safety glasses, gloves, synthetic apron, dust respirator.
- G Safety glasses, gloves, vapor respirator.
- H Splash goggles, gloves synthetic apron, vapor respirator.
- I Safety glasses, gloves, combination dust & vapor respirator.
- J Splash goggles, gloves, synthetic apron, combination dust & vapor respirator.
- K Airline hood or mask, gloves, full protective suit, boots.
- X Ask your supervisor for specialized handling directions.
