

INNOVATIVE ORGANICS**MSDS****1. CHEMICAL PRODUCT AND COMPANY INFORMATION****PRODUCT NAME: AmberCut GS series**

Manufacturer: INNOVATIVE ORGANICS
 SAINT-GOBAIN CERAMIC MATERIALS
 4905 East Hunter Avenue
 Anaheim, CA 92807

Emergency information: Chemtrec, 1-800-424-9300

Product information: 1-714-701-3900

2. COMPOSITION INFORMATION

Component	CAS Number	%	OSHA Hazard	Exposure Limits
*THIS PRODUCT DOES NOT CONTAIN ANY SIGNIFICANTLY HAZARDOUS MATERIALS. PRODUCT COMPOSITION IS PROPRIETARY				

*As defined by SARA, Title 3 and California Proposition 65.

**Not Established

3. HAZARDS IDENTIFICATION**Emergency Overview**

Physical Characteristics: Grey, milky liquid with slight odor.

Warning Statements: May cause eye and skin irritation, stomachache, nausea, diarrhea, vomiting and headache.

Potential Health Effects

EYES: May cause slight eye irritation.

SKIN: Prolonged or repeated exposure may cause irritation.

AmberCut GS series

3. HAZARDS IDENTIFICATION (CONTINUED)

INHALATION: Not a hazard under normal conditions.

INGESTION: May cause stomachache, nausea, diarrhea, vomiting and headache.

SIGNS and SYMTOMS: Skin/eye irritation, stomachache, nausea, diarrhea, vomiting and headache.

4. FIRST AID MEASURES

EYES: Rinse with large quantities of water.

SKIN: Rinse with large quantities of water.

INHALATION: Remove to fresh air.

INGESTION: Dilute stomach contents with water. Do not induce vomiting.
Call a physician.

5. FIRE FIGHTING MEASURES

FLASH POINT (METHOD): >200°F(PMCC)

FLAMMABILITY CLASS: n/a

FLAMMABILITY LIMITS IN AIR, % BY VOLUME, Not established.

FIRE AND EXPLOSION HAZARD: None.

EXTINGUISHING MEDIA: Foam CO2 or water spray.

FIRE FIGHTING INSTRUCTIONS: Wear self-contained breathing apparatus.

6. ACCIDENTAL RELEASE MEASURES

STEPS TO TAKE IF MATERIAL IS SPILLED OR RELEASED:

Stop spill at source. Take the necessary precautions to prevent spreading. Collect spills in appropriate containers for disposal.

SPILL PRECAUTIONS: Caution: spill area (floors, etc...) may become slippery.

AmberCut GS series

7. HANDLING AND STORAGE

STORAGE AND TRANSPORTATION CONDITIONS:

HANDLING: Avoid contact with skin and eyes. Wash thoroughly after handling.

STORAGE: Store in cool area. Keep containers tightly closed when not in use.

8. PERSONAL PROTECTION AND EXPOSURE CONTROLS

RESPIRATORY PROTECTION: Typically unnecessary.

VENTILATION: General ventilation sufficient.

PROTECTIVE GLOVES: Latex or PVC.

EYE PROTECTION: Glasses or goggles.

OTHER PROTECTIVE EQUIPMENT: As necessary to avoid eye contact.

EXPOSURE GUIDELINES: Not established.

9. PHYSICAL AND CHEMICAL PROPERTIES

APPEARANCE AND ODOR: Grey, milky liquid with slight odor.

BOILING POINT: >100°C

MELTING POINT: ~0°C

SPECIFIC GRAVITY (H₂O=1): 1.1-1.3

% VOLATILES BY VOLUME: 45-80%(water)

pH (neat, unless specified): 9.0-10.0

WATER SOLUBILITY (VOL. %): Extendable slurry

VAPOR DENSITY: Unknown

VAPOR PRESSURE @ 20°C: Unknown (similar to water)

(similar to water)

EVAPORATION RATE (BUTYL ACETATE =1): <<1

10. STABILITY AND REACTIVITY

STABILITY: Product is stable. **CONDITIONS TO AVOID:** None.

HAZARDOUS DECOMPOSITION PRODUCTS: Oxides of carbon and nitrogen.

HAZARDOUS POLYMERIZATION: Will not occur.

CONDITIONS TO AVOID: None.

AmberCut GS series

11. TOXICOLOGICAL INFORMATION

EYES: This product has not been tested. Expected to be low due to low toxicity of individual constituents.

SKIN: This product has not been tested. Expected to be low due to low toxicity of individual constituents.

INHALATION: This product has not been tested. Expected to be low due to low toxicity of individual constituents.

INGESTION: This product has not been tested. Expected to be low due to low toxicity of individual constituents.

CHRONIC TOXICITY: None known.

CARCINOGENICITY: None.

12. ECOLOGICAL INFORMATION

ECOTOXICITY: Product contains surfactants and is expected to be toxic to aquatic life in low concentrations. Do not allow contact with open wet lands.

ENVIRONMENTAL FATE: Liquid portion contains a small amount of biodegradable organic material not expected to persist in the environment. Solid constituent is inorganic and inert to the environment.

13. DISPOSAL INFORMATION

WASTE DISPOSAL METHODS:

Waste disposal procedures must be in accordance with government and local regulations.

It is reasonable to expect that uncontaminated product can be disposed of through a sanitary sewer or similar bio-remediation system. Product can be neutralized and inert inorganic solids separated by settling. Inert inorganics can be landfilled.

EMPTY CONTAINER DISPOSAL:

Rinse product drums with clean water. Dispose of rinse water as product requiring treatment.

WASTE CLASSIFICATION: If discarded in its purchased form, this product is not a RCRA hazardous waste.

14. TRANSPORTATION INFORMATION

DOT & IATA INFORMATION

SHIPPING NAME: n/a

HAZARD CLASS: n/a

UN/NA NUMBER: n/a

PACKAGING GROUP: n/a

LABELS REQUIRED: n/a

15. REGULATORY INFORMATION

UNITED STATES FEDERAL REGULATIONS:

CERCLA SECTION 103: This product contains the following chemicals that require notification of the National Response Center of release of quantities greater than the reportable quantity:

None.

SARA SECTION 302: This product contains the following chemicals requiring emergency planning:

None.

SARA SECTION 311/312 HAZARD CATEGORIES:

Immediate health hazard.

SARA SECTION 313: This product contains the following chemicals subject to the reporting requirements of the Emergency Planning and Community Right to Know Act:

None.

STATE RIGHT-TO-KNOW REGULATIONS:

California Proposition 65: This product does not contain any chemicals known to the state of California to cause cancer or birth defects.

INTERNATIONAL REGULATIONS:

None known.

CHEMICAL INVENTORIES: This product's ingredients are on the following chemical inventories:

TSCA

AmberCut GS series

DEFINITIONS

SUMMARY OF HMIS RATINGS***HEALTH HAZARD RATINGS***

- O No significant risk to health.
- 1 Irritation or minor reversible injury possible.
- 2 Temporary or minor injury may occur.
- 3 Major injury likely unless prompt action is taken and medical treatment is given.
- 4 Life-threatening, major or permanent damage may result from single or repeated exposures.

FLAMMABILITY HAZARD RATINGS

- O Materials that are normally stable and will not burn unless heated.
- 1 Materials that must be preheated before ignition will occur. Flammable liquids in this category will have flash points at or above 200°F (NFPA Class IIIB).
- 2 Materials that must be moderately heated before ignition will occur, including flammable liquids with flash points at or above 100°F and below 200°F (NFPA Class II & IIIA).
- 3 Materials capable of ignition under almost all normal temperature conditions, including flammable liquids with flash points below 73°F and boiling points above 100°F as well as liquids with flash between 73°F and 100°F (NFPA Class IB & IC).
- 4 Very flammable gases or very volatile, flammable liquids with flash points below 73°F and boiling points below 100°F (NFPA Class 1A).

REACTIVITY HAZARD RATING

- O Materials that are normally stable, even under fire conditions and will not react with water.
- 1 Materials that are normally stable, but can become unstable at high temperatures and pressures. These materials may react with water, but they will not release energy violently.
- 2 Materials that are normally unstable and will readily undergo violent chemical change, but will not detonate. These materials may also react violently with water.
- 3 Materials that are capable of detonation or explosive reaction, but require a strong initiating source or must be heated under confinement before initiation, or materials that react explosively with water.
- 4 Materials that are readily capable of detonation or explosive decomposition at normal temperatures and pressures.

PERSONAL PROTECTION INDEX DEFINITIONS

- A Safety glasses
- B Safety glasses, gloves
- C Safety glasses, gloves synthetic apron
- D Face shield, gloves, synthetic apron.
- E Safety glasses, gloves, dust respirator.
- F Safety glasses, gloves, synthetic apron, dust respirator.
- G Safety glasses, gloves, vapor respirator.
- H Splash goggles, gloves synthetic apron, vapor respirator.
- I Safety glasses, gloves, combination dust & vapor respirator.
- J Splash goggles, gloves, synthetic apron, combination dust & vapor respirator.
- K Airline hood or mask, gloves, full protective suit, boots.
- X Ask your supervisor for specialized handling directions.
